

## **LUCJAN MYRDA**

### **Chairman of the Supervisory Board of MERCOR SA**

He graduated from the Warsaw School of Fire Service (as a fire fighting officer), and the Faculty of Electrical Engineering at the Silesian University of Technology in Gliwice, specialising in Industrial Electrical Engineering. In addition, he completed his postgraduate studies in the scope of fire prevention at the Main School of Fire Service in Warsaw. He also attended a postgraduate course in logistics for officers of the State Fire Service at the Military University of Quartermaster Service in Poznań.

From 1964 until 1999, he continued his service with the Fire Service, and started his career as a warrant fire prevention officer at the District Fire Service Headquarters in Kłobuck, and finally became Deputy Commanding Officer at the Provincial Fire Service Headquarters in Kraków.

He has been promoting fire fighting and fire prevention. He is the author of numerous specialist publications, co-organiser and participant of numerous domestic and international professional conferences. Strongly connected to his profession, he was one of the founders of the Fire Protection Service Certification Centre at the Fire Fighting Engineers and Technicians Association with its seat in Poznań, from 2004 until 2011 he was the Chairman of the Supervisory Board of this institution. In 2001-2011 he was Vice President of the Fire Fighting Engineers and Technicians Association. Since 2004 he has been member of the Supervisory Board of Mercor SA.
